

Rancho Sordo Mudo

I hope you are having a good summer! It has been so nice to see many of you. In June my family and I went to Missouri to visit relatives. It had been a couple years since I had seen some of them. A few weeks ago my mom, a friend and I made a trip up to Washington to see one of my good friends who was married last August. Now the summer is quickly coming to a close and soon I will be heading back to Mexico. I plan to leave on the 20th of August.

I am always so grateful to you, my supporters, for your prayers, mail and monetary support. You are all such a blessing to me and to Rancho Sordo Mudo. Our ministry is not just made up of our staff and students but of all of you as well. We would not be where we are without your encouragement, help and love.

Special Prayer Request

Marisol is one of my older girls. For almost a year now her mother has been suffering from kidney failure. She has been in a hospital for many months now receiving dialysis. Some how a bacteria entered her body during her treatments. It has now spread throughout her body. She also has a heart murmur. The doctors have only given her a 10% chance of surviving Thankfully we recently learned that Marisol's mother became a Christian last December! Whatever the outcome is, her family is trusting God to see them through.

Please be praying that all of our students will be able to return this fall. Even though the Ranch is a free home and school for the deaf children of Mexico, parents have to pay for transportation to our school. It takes two of our students, Marvella and Ulises, who are from Oaxaca, three days to travel by bus with their families. Marvella and Ulises parents' work and save their money all year just to be able to bring their children to the Ranch. A few of the parents simply decide not bring their children back, some because they want them to work and others because they miss them too much.

Exciting News

This June three of our girls graduated from the Ranch. I had the pleasure of having all of them in the dorm the past four years. Maria Elena graduated from elementary school. Since she is eighteen she has returned home to work and help her mom and care for her younger sister. Monica is also eighteen. She wasn't able to finish elementary school because her mother didn't bring her until she was fourteen. Monica did amazingly well for only being at our school for a few years. Vania, who is almost sixteen, finished junior high and has been studying high school this past year. Her sister Gaby who was our principle, will be getting married next year. She has decided to return home for a year and live with their mother. Vania has gone home as well, but Gaby will help her to complete her high school studies. Vania has hope of one day going to college either in Mexico or the States.
